

Hancock County Sheep Barn Project

We are currently raising funds to purchase new metal pens for the sheep barn. Other improvements to the barn have been planned as well. Our goal is to have \$40,000 raised before Memorial Day so that we can have the new pens in place for the 2011 Hancock County Fair. Pen style can be viewed at www.ketchamssheepequipment.com/index_files/Page701.htm

If you are interested in helping with this project, please contact Bob Hanna, Amy Schroeder or other members of Hancock County Sheep Improvement. Our next meeting should be in the sheep barn with a company representative some time in May.

Those interested in making a donation can visit the 4-H or Hancock County Fair websites. Plans are to have all donors listed on a display in the sheep barn. Major donors will each have a metal sign hung in the barn.

Top Ten Reasons to support the Sheep Barn Project

10. Uniform look to the barn
9. Recognition for all donors THANKS!
8. No more wires to do/undo or cut yourself on
7. No one gets stuck with a broken gate
6. No one has to repair broken gates
5. Taller pens so lambs won't jump out
4. Place to hang white 4-H exhibitor cards where lambs won't eat them
3. A level floor to sit water buckets on
2. No wooden gates to paint before the fair
1. No gates to take down the last day of the fair!!!
