

Money Management Projects

Sponsored by Ag Credit A.C.A.

All members enrolled in the Money Management projects will receive a packet to help them on their way to becoming financial champions.

Projects -

445 – Becoming Money Wise (recommended ages 10-13)

Designed as a beginner level project. Members will monitor cash flow and see where money goes by developing a budget and good records to become a responsible consumer.

446 – Money Fun-damentals (tweens ages 12-13)

Members will identify their “money personality” and values and apply this information on setting goals, identifying wants and needs, and communicating about money decisions.

447 – Money Moves (teens ages 14-15)

Members will become confident about their uses of money, the benefits and drawbacks of credit, banking services, the influences of advertising, and the art of being a savvy consumer.

448 – Teens...On the Road to Financial Success (teens ages 14-19)

Members have the opportunity to organize their financial lives by analyzing spending, obtaining and managing banking services, making consumer decisions and exploring financial careers.
